Lakeshore Middle School Choirs

Welcome to 6th Grade Choir!

Our 6th Grade Choir is an important part of the Choir Program here at Lakeshore! The Elementary Choir is the foundation of our program, giving students the opportunity to sing and perform. The Middle School Choirs build on that foundation with more: choir classes, learning about music, voice training, performances, and special opportunities to grow and develop your abilities. There is much to learn in just a few short years to prepare you for even more musical experiences in our High School Choirs!

The 6th Grade Choir meets as a class during Extended Advisory. The students like being able to be in choir without staying after school, the core subject teachers like working with smaller groups during Extended Advisory, and I like having choir every day! The only drawback is the short time we have, but we keep things moving and do our best to use every minute!

In this handbook you will find a lot of information about our choir. The 6th Grade Choir functions as a class and the expectations are different from what you may have experienced in Elementary Choir. Please read this handbook carefully so that you know what you can expect, and what is expected of you! At the end of the handbook there are pages to return. Please turn them in by **September 19th**.

Please keep informed about our choirs through the Choir Website, and through PowerSchool Email. The website is a great resource for parents and students. You will find updates, parent notes, announcements, celebrations, pictures, schedules, meeting dates, and practice recordings. Please check it out at: lakeshoremschoirs.weebly.com. You can also get to it from the Lakeshore Public Schools' website by clicking on: Middle School, then Middle School Choir. PowerSchool email allows me to quickly get updates and reminders to parents. If you have not registered your email address(es), please do so using the quick link (Power Announcement/Student Grades) which is on the on the Middle School page of Lakeshore's website. Thank you for helping with communication in these ways!

If after reading the Handbook (or at any other time!), you have questions or comments, please contact me! I'm looking forward to working with you this year, and having a great year in choir!

*"I love to hear a choir. I love the humanity to see the faces of real people
devoting themselves to a piece of music. I like the teamwork.
It makes me feel optimistic about the human race
when I see them cooperating like that".
- Paul McCartney*

Class Attendance: Regular attendance is very important in choir. Some students may need to miss choir occasionally because a teacher needs them for specific class work. If that happens, the core teacher will contact Mrs. Conrad.

Concert and Auditorium Rehearsal Attendance: All choir students are expected and required to be at all concerts and auditorium rehearsals (auditorium rehearsals are the rehearsals in the auditorium the day before a concert). Choir is a “team effort” and we rely on the responsibility of those around us. Choir schedules are given early in the year and families are asked to plan around concerts and auditorium rehearsals. Students with schedule conflicts in sports and other school organizations need to make the director and coach of both events aware of the conflict *as soon as possible* so that an agreeable plan can be reached in advance. If you ever have an emergency on a concert night, please leave a message for Mrs. Conrad at 428-1408, ext. 3099. Unexcused absences from performances or auditorium rehearsals may result in the student being dropped from choir.

Uniforms: For concerts, choir members wear a black choir T-shirt purchased through the school, (see back page of this Handbook for an order form), black dress pants, black shoes (closed toes, no high heels please). If purchasing these pieces presents a hardship, please contact Mrs. Conrad. We have some donated items and our Choir Parents Organization will provide uniform pieces when needed. But please let Mrs. Conrad know as soon as possible.

At our concerts, we try very hard to look “uniform” so that the audience’s attention is drawn to the high quality music we are making (not to the sparkly, red sequined headband, green hair, or unique jewelry). Therefore:

Hair should not be in the singer’s face. Barrettes or headbands can be used, but should be close to the hair color.

Jewelry must be minimal. Small stud earrings are allowed, but nothing that hangs down. No necklaces or bracelets, please. Watches and rings are allowed as long as they are not excessive.

Individual expression is important, but not appropriate when “in uniform”. The director has final discretion in this matter.

Supplies: Students need to have a pencil in choir every day. The music and folders are provided by the school. The music needs to be returned in good condition.

Transportation for Auditorium Rehearsals: The auditorium rehearsals are after school on the day before the concert. For safety reasons, ALL choir students will ride school buses to these rehearsals. Please arrange for rides home from the High School Auditorium.

*“Passionate involvement in the process separates the good from the great.”
-Anonymous*

Fundraising: The choir will be participating in fundraisers to help defray the expenses of our choirs. The money will go toward: music, supplies, reward parties, travel expenses, scholarships, etc..., and some will go toward individual student accounts.

Individual Student Accounts: Every choir student has the opportunity to let their fundraising money work directly for them through student accounts. Usually these accounts are not needed in the 6th Grade Choir, except to purchase (optional) festival medals. Many students start building their choir accounts for future: trips (7th & 8th graders have the opportunity to go to Chicago), solo & ensemble fees, T-shirts and sweatshirts, etc... This money rolls over to following years and can be used for choir related expenses even in high school! Students who leave the choir program forfeit their account and the money goes into the general choir fund. Please note, each student does not have a savings account in his or her name, but rather through careful bookkeeping the Choir Parent Treasurer keeps track of that which is specifically designated for individual student accounts. The effort is made so that those who work the hardest at fundraising, have the most benefit.

Choir Parents: All parents of Lakeshore Choir students are members of Lakeshore Choir Parents Organization (formerly called "Choir Boosters"). This group meets monthly and helps with fundraising, newsletters, publicity, and more. Parents are invited, and encouraged, to attend these monthly meetings! Check the choir website for dates, times, and locations.

Concert Donations: At our concerts we take donations. The money donated at concerts goes directly back to the choirs and enables us to buy additional music for our growing choir program. Thank you to all who help with this!

Statement of Philosophy - Lakeshore Public Schools:

"Students are encouraged to become involved in extracurricular activities. Student's participation in such activities is provided as an opportunity for students as long as they agree to follow the rules and guidelines as outlined in the Student Handbook. Inasmuch as participation is a privilege (not a right), students who violate the guidelines will be subject to the penalties outlined, up to and including suspension from participation in such activities."

"The District recognizes that substance abuse is a serious problem in our society. Students are encouraged to voluntarily seek assistance for a substance abuse problem. The district will support this effort in a manner consistent with applicable Board policy and administrative regulation."

*"Do not measure yourself by what you have accomplished,
but by what you should have accomplished with your ability." -John Wooden*

MUSIC WITH A SACRED TEXT

The Michigan School Vocal Music Association believes that the use of good music with sacred texts is vital to choral music education and to the choral art. MSVMA supports and has adopted the position statement of the American Choral Directors Association in regard to this issue. The following statement is printed with the permission of the ACDA:

Choral music educators recognize that choral music may fulfill diverse objectives. At one end of the spectrum are aesthetic education and artistic performance that can insure development of musicality and sensitivity. At the opposite end of the spectrum is pure entertainment. Between these two poles may be found opportunities to enhance knowledge and understanding through a growing awareness and perspective of history and art as reflected in great music. **To achieve any selected educational objective, the quality of repertoire is of paramount importance.**

An assessment of the quality of repertoire which can fulfill the highest objectives of aesthetic education necessitates careful examination of the relationship of text and musical setting. The wealth of choral literature which represents and reflects peoples, cultures, and traditions of all lands and compositional styles of all eras includes much music in which the composer has utilized a sacred text. The term "sacred" refers to all manner of religious belief and not only to the practices of the Judeo-Christian teachings. **It is important that almost all of the significant choral music composed before the 17th century was associated with a sacred text.**

To study and perform music in which the musical setting of a text is artistically accomplished is a highly commendable objective. While public school teaching objectives and criteria for repertoire selection should not include religious indoctrination, the selection of quality repertoire will invariably include within its broad scope music with a sacred text. **To exclude from a public school curriculum all choral music which has religious meaning associated with the text is to severely limit the possibilities of teaching for artistic understanding and responsiveness.** Such an exclusion has as its parallel the study of art without any paintings related to the various religions of the world, the study of literature without mention of the Bible, or the study of architecture without reference to the great temples and cathedrals of the world.

Since choral music with a sacred text comprises such a substantial portion of the artistic repertoire representative of the choral medium and the history of music, it should have an important place in music education. Its study and artistic performance have nothing to do with the First Amendment to the Constitution and the doctrine which advocates separation of Church and State.

*This statement has been endorsed by the
National Board of Directors
of the American Choral Directors Association*

*"The easiest way to avoid wrong notes is to never open your mouth to sing.
What a mistake that would be." -Pete Seeger*
